ABOUT EMITT

Sometimes you learn more from your mistakes than you do from your masterpieces. Maybe he has a little friend that lives right over here. Isn't that fantastic? Let's have a little bit of fun today. We might as well make some Almighty mountains today as well, what the heck. We can fix anything.

Isn't that fantastic that you can create an almighty tree that fast? Be brave. These trees are so much fun. I get started on them and I have a hard time stopping.

I like to beat the brush. This is a happy place, little squirrels live here and play. See how easy it is to create a little tree right in your world. Van Dyke Brown is a very nice brown, it's almost like a chocolate brown.

But they’re very easily killed. Clouds are delicate. Just a happy little shadow that lives in there. Use absolutely no pressure. Just like an angel’s wing. This painting comes right out of your heart.

I can’t think of anything more rewarding than being able to express yourself to others through painting. And just raise cain. There’s not a thing in the world wrong with wash- ing your brush. Do an almighty painting with us. If what you’re doing doesn’t make you happy - you’re doing the wrong thing. Every time you practice, you learn more.

PROJECT TITLE

It's a super day, so why not make a beautiful sky? Let's go up in here, and start having some fun Let's make some happy little clouds in our world. There it is.

If what you're doing doesn't make you happy - you're doing the wrong thing. Isn't it fantastic that you can change your mind and create all these happy things? We spend so much of our life looking - but never seeing. We don't have to be concerned about it. We just have to let it fall where it will. Isn't that fantastic? You can just push a little tree out of your brush like that.

Anyone can paint. We'll put some happy little leaves here and there. For the lack of a better word I call them hangy downs. Son of a gun.
